What is the Big Brothers Big Sisters' Benefit Breakfast?

The Benefit Breakfast is a Fall event designed to invite community members to come and hear about what is going on in our organization. This event gives those currently invested in our program the opportunity to invite their co-workers, friends and family to come & learn about Big Brothers Big Sisters. Ultimately, we want to encourage community members to "start something" in our community for mentoring children through donating or volunteering.

What role can I play at the Benefit Breakfast?

Without people who step up to be Table Captains, we would not be able to spread our message and engage those that want to make a difference in a child's life. A Table Captain is in charge of filling a table of 10 guests, people that are interested in financially supporting mentoring. If you are unable to become a Table Captain, but still want to attend and offer your support, we would love for you to be a guest. All guests will enjoy a wonderful breakfast at no charge.

Who will be speaking at the Benefit Breakfast?

We are happy to announce that Coach Jim Hayford (EWU Head Men's Basketball Coach) will be joining us to talk about the benefits of mentoring. In addition, we will have a parent of a little and a past little brother talk about their experiences with the Big Brothers Big Sisters program and how it has impacted their life.

How will you Start Something in our community?

We appreciate all supporters: donors, volunteers and advocates. Get involved and help us make and sustain matches between Bigs and Littles!

We are here to start something

Big Brothers Big Sisters is not your typical organization. We help children realize their potential and build their futures. We nurture children and strengthen communities. And we couldn't do it without you.

We provide children facing adversity with strong and enduring, professionally supported one-to-one relationships that change their lives for the better, forever.

What would happen if every child...
...graduated from High School?
...fulfilled their potential?
...was put on the right path today?

By partnering with parents/guardians, volunteers and others in the community, we are accountable for each child in our program achieving: higher aspirations, greater confidence, and better relationships; avoidance of risky behaviors; educational success.

Did you know that children in our program are less likely to:

- begin using illegal drugs by 46%
- begin using alcohol by 27%
- skip school by 52%
- hit someone by 33%

"Stephanie has changed my life by letting me grow a little more mature and helping my life be more exciting...this is a once in a lifetime opportunity." - Little Sister, Jackie
